

**Product:** Handling concept for lifting and moving shipping containers short distances

**Country:** HQ Sweden, Worldwide

**Client:** WingLift by Recotech

**Task:** Create a packaging solution that can not only secure the product in the box but also optimize the cost of the supply chain.

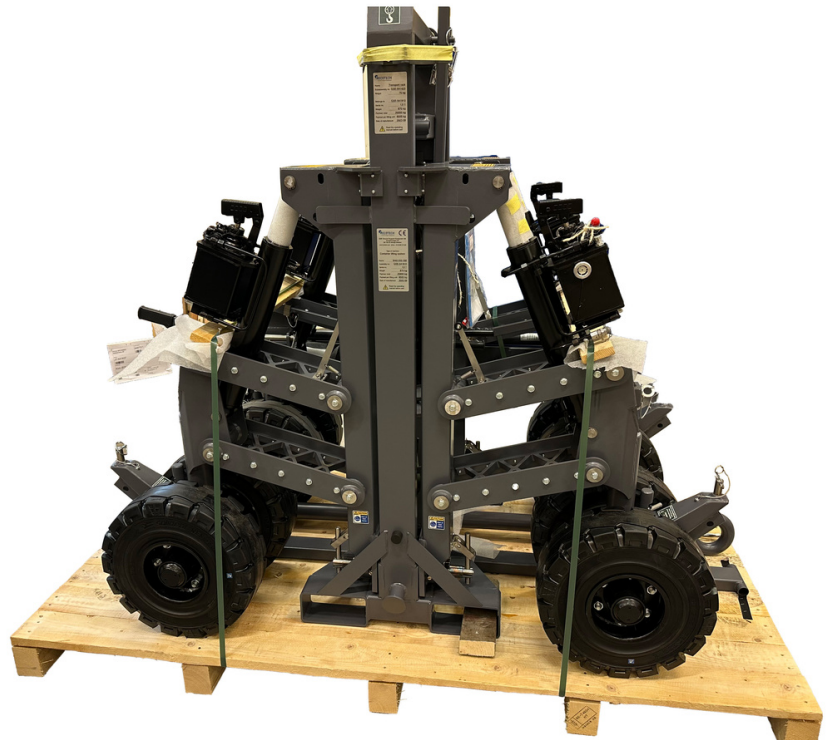

**Result:** Customized OSB packaging solutions ensure cost savings of 15% to 20% in the supply chain

### CHALLENGES TO DESIGN A PACKAGING SOLUTION:

**Size constraints** in shipping the WingLift systems due to the large dimensions of the product.

Ensuring **the safety** of the products during transportation to prevent damage or loss.

**Cost-effectiveness** of the packaging

### CUSTOMISED PACKAGING CREATED BY CLIP-LOK SIMPAK

#### Results:

**Cost Optimisation:** Tailored OSB packaging allows to save 15-20% in transportation and storage

**Beyond Packaging:** Collaborative Solutions for Enhanced Logistics Performance with Clip-Lok SimPak and Wing Lift™ Systems"

**Safe&Secure:** OSB packaging solution with additional straps to ensure product stability.
